Penang - MALAYSIA

The Prestige Hotel, nestled in Georgetown's UNESCO World Heritage Site, pays homage to 19th-century Victorian illusions inspired by the 2006 movie 'The Prestige'.

Interpreting Penang's multicultural vibrancy with a cultured and cosmopolitan lifestyle, they offer sophisticated hospitality, wellness, and entertainment in a multicultural setting.

Their premium hospitality label features a unique quasi-colonial interior, 162 rooms, dining options, a retail arcade, event spaces, and a rooftop infinity pool. They are also part of the Design Hotels™ portfolio and Marriott Bonvoy Loyalty Program and guests can collect points during their stay.

Embracing Penang's heritage and tropical botany, The Prestige Hotel offers a lush garden-conservatory ambiance ideal for discerning travelers. Featuring sophisticated elements of visual trickery, they call for aspirational guests in search of the best version of themselves through a journey of reawakening and self-expression.
